

A Five Days Online Workshop

On

Applications of UAVs in Agriculture

(Part of Research Project Funded by TiHAN-IITH Under NMICPS Scheme)

13th-17th May 2024, Venue: Academic Block, IIT Bhagalpur

About the Workshop:

Use of UAVs in Agriculture field are revolutionizing precision agriculture, land surveying, crop health analysis, livestock tracking, real-time crop monitoring, pesticide spraying for pest and disease management etc. This online workshop is being organized to give an opportunity to participants such as students, faculties, researchers, people from industries to get acquainted with UAV/Drone technology and its applications in Agriculture field, current status, research scope, issues and challenges.

The workshop shall broadly cover:

- UAV/Drones basic knowledge.
- Discussion on applications of UAVs/Drones in agriculture.
- UAV based data acquisition for agriculture applications.
- UAV based agriculture field datasets: Computing Technologies, Artificial Intelligence and Machine Learning
- Applications of UAVs/Drones in agriculture: Research Issues and Challenges.
- Applications of UAVs/Drones in agriculture: Current Scope and Status in India.

Targeted Participants:

- UG and PG students, Ph.D. Students/Research Scholars, Agriculture Scientists, Faculties, and Industrial persons.

Resource Persons:

- Keynote Speaker: Prof. Pradip K. Das, Head - Centre for Drone Technology, IIT Guwahati.
- Internationally acclaimed faculty members from premier institutions like IITs, NITs, IIITs.

Other Interesting Talks:

- Speakers from drone Startup companies, Industrialists, Agriculture Scientists and Researches.

Registration:

UG/PG/PhD/Faculty/Industry: Rs. 500

UG/PG/PhD/Faculty (IIIT Bhagalpur): Rs. 200
